

EU 2024 F-Gas Regulation (EU) 2024/573

Compliance with the New EU F-Gas Regulation

As of 2024, the European Union introduced Regulation (EU) 2024/573, replacing Regulation 517/2014.

Key changes affecting refrigerant buyers:

- Accelerated phase-down of HFC quotas
- Stricter reporting obligations
- Gradual ban on high-GWP refrigerants
- Increased enforcement and penalties
- Mandatory certification for professional handling

Refrigerant Pro Germany supplies only legally imported and quota-compliant refrigerants.

We ensure:

- Proper documentation
- Traceable origin
- Legal EU distribution

Customers are responsible for lawful usage and compliance within their jurisdiction.
